

Letter of Appreciation

*Ringland Construction
has done a magnificent job on my home.
They not only worked ahead of schedule, but passed every
inspection to make that happen.*

*Not one detail was left unattended, all the way down to
baseboards in my garage. Now that my home is complete it is
more beautiful then I ever imagined.*

*Special care was chosen in all the subcontractors as they
pulled together to meet all of my expectations of
Quality Labor.*

*The staff at Ringland Construction worked to keep me
updated on the progress of my home weekly by email.*

*When calling into the office the
staff was always there to answer any of my questions or
concerns. The superintendant was on the job daily overseeing
the contract labor and left not one issue unattended.*

*Never did the superintendant expect anything
but exact, clean, and professional workmanship.*

*I want to extend my sincerest
Thanks to your company for building
me not only a Beautiful Home, but a Quality and Safe one too.*

*Best Regards
Margaret Drossler
